### **President’s Message**

Sunday, January 12, 2014

I would like to welcome the new board members and the new officers.

Janie will work with these new folks to get them on the DDlist. I will try to partner the new DD’s and also the new officers – please take time to help them get started.

This board has several things to finish and would like to get any loose ends tied up so the next administration will have a good start.

Challenges are what make life interesting and overcoming them is what makes life meaningful.-- If it was easy, it wouldn't be a challenge, it would be routine.

I called the 2 Presidential candidates and asked if they wanted me to present the Newsletter motion - they both know about the motion.

One thought that someone would make recommendations to cut newsletter issues but keep it until it is done.

The other doesn't know why we should get rid of the newsletters as today we have many members who are not computer savvy.

I am not putting up the motion.

Realignment - both would like to have some type of realignment - anything that would mean less board members etc. So there is a motion to work for realignment so it can be presented to the membership.

Hi all

After much todo about this motion to get rid of the Newsletter - TODAY - oh yeah today - we get some things for the newsletter - most of it I didn't know - so am sure there are others who didn't know either.

Without this Newsletter - wow - just would be a messier national.

Same problem will occur when we need to put out info in the late summer early fall - the Bulletin won't be out until mid to late October. We will need to announce trophies open to be pledged and dates in the Newsletter - as we need to get all the trophies pledged and many members ask for days off and others make plane reservations.

I called the 2 Presidential candidates and asked if they wanted me to proceed - they both know about the motion - one thought that someone would make recommendations to cut newsletter issues but keep it until it is done.

the other doesn't know why we should get rid of the newsletters as today we have many members who are not computer savvy - that would include several on our board -- Janie has to work with 2-5 of them every month or so to get attachments or how to vote etc.

Realignment - both would like to have some type of realignment - anything that would mean less board members etc. So help me with the wording - not some binding thing but a vote by this board to see if this is an idea to pursue. Such as Move forward to reduce the size of the board - --- this accomplishes 2 things - gets ideas moving and if there is a huge fuss- whoever is the new President won't get killed - it will be done or not done.

## **Secretary's Message**

Thank you to all those participated in the election process. Your voting results are included within the Communique'. Welcome all new Board members.

As many have already been notified, the bid for CCA 2017, was selected for Sacramento, California. The dates of March 18-25, 2017, at the Cal Expo – The Pavillion. Congratulations and thank you to all for your bids and your participation in the process.

The updated information on CCA 2014 is within, so please check the information and the closing dates for registration. They need volunteers and those are **all** CCA members. Be a part of the National, help even for short periods of time to give booth folks a relief, help at the trophy table, hand-out armbands, be a runner for a cup of coffee, it all matters. See you soon in Springfield.

*Janie*

**COLLIE CLUB OF AMERICA**  
**End of the Year Committee Reports for 2013**

**Public Relations Committee Report:**

Mission Statement:                   The Public Relations Committee will provide ideas and resources for the active promotion of the collie as a desirable family companion and working canine partner. The committee will explore avenues to help local groups put on events for the public in association with members and groups already experienced with public events.

Important possible avenues for featuring our breed would be a link on our CCA website page where the public can view articles, photos, and videos of collies in family settings and activities. Additionally, some media would show collies and their owners doing agility, carting flyball, freestyle, herding, obedience, service dog, therapy, tracking, and other performance and service activities.

The Public Relations Committee is developing a one-stop Public Relations Resource Center for the CCA website. This will be a linked page that CCA members/clubs can access for resources and ideas for planning their local events, i.e., Scottish Festivals, Meet the Breed, Collie College, etc. Banner Sets like those used at “Meet the Breeds” at Eukanuba are being explored as a check-out item for Collie events. An on-line Video Library with short educational topics on YouTube that may be viewed by the public with links from the CCA website is also being explored as well. The CCA’s presence in social media, i.e., Facebook will be developed. The Committee lost two members due to personal events, we have several volunteers offering to serve on this committee if we are selected by the New president to continue.

**Judges Education Committee**

We had a good turn out for our National seminar. Fifteen people attended and five of those stayed for the entire week of mentoring. Thank you to Tom Coen for presenting and Darci Brown who assisted him. Thank you to those exceptional breeders who supplied all the dogs for the hands-on part! We had quite a few top ranking dogs and a past National specialty winner that participated in that part of the event.

Through the year, the Committee mailed out about 10 judging packets to new judges and another 7 were handed out at shows. We send out packets to all new judges applying for Collies. Speaking of this, I would like to thank Darci Brown for all of her hard work in keeping our materials up to date and organized, and sending the materials to new judges!! I know that is a huge amount of work!

We continue to get great feedback on the Vignettes that were sent out to all AKC judges.

### **Committee Reports Committee**

Our CCA has a long and successful tradition of exceptional volunteers who have agreed to take on various areas of responsibilities necessary to keeping the “inner workings” of our club current and vital. Without this group of dedicated people, our club would grind to a halt.

The work of all these committees is considered so important, that the Board has approved a change in procedure, the will include requiring bi-monthly reports from each committee.

. Since this is an election year and there will be changes, the reports will begin after the installation of new officers.

There will be a special email address for all reports to be sent, along with a shortened form to use if wanted. Your CCA Board has approved a committee (of one, currently) to collect these bi-monthly reports from all CCA committees.

As soon as the site is set up, I will send all information to the committee chairs.

If you have questions/suggestions, please feel free to contact me:

Thank you in advance, for your cooperation.

### **Constitution Committee 2013 Report**

The Committee has been holding meetings via telephone conference calls in order to exchange ideas on how to best modify those sections of our Constitution and Bylaws that are in need of clarification.

At present we are waiting to see if the Board of Directors will be voting to change the number of Directors, in which case, a number of changes in the Bylaws will be required. Our next meeting will be held after the Board's decision is made known to us.

### **National Show Co-Chairs and Committee**

The National Show Chair has made some changes over the last 2 years. We have become the National Show Committee. The National Specialty requires very experienced people involved to organize and Host the show. This annual event has grown in the last 10-15 years and has added additional events during that period.

Darci Brown, Martha Ramer, Sue Larson and Roxann Heit have joined forces to help the Host Chairs with their show. Darci and Martha have both been Host Chair and/or co-Chairs of several National Specialties. Sue Larson is our Performance expert. She participates in agility, herding, obedience and rally and has chaired both local and National trials. She also

participates in conformation which gives her the picture of the National. This helps the chairs work cohesively with each other. Roxann has chaired multiple Top 10/20/Invitational events with great success. She also has been Host co-chair and will be Host co-chair again in 2015.

Some changes give more responsibility to our committee. This relieves the Host Chair of many things that should be decided by a more experience group. We plan on running a report in the Bulletin during 2014. We want the membership to have more insight into what exactly goes on to bring this important event to fruition annually. Hopefully this will create interest in some of you to work on a National committee. We will welcome your input on anything you feel compelled to comment on. Look for our articles this year!! See you at the next National!!!
