Congratulations to Leslie and Don Jeszewski, Highcroft Collies

2013 AKC Breeder of the Year – Group Recipients

Herding: Leslie and Don Jeszewski, Highcroft Collies

Highcroft Collies was established by Leslie and Don in 1981. The AKC-registered Highcroft kennel prefix is recognized both nationally and by serious Collie breeders and fanciers around the world, with Highcroft Collies residing in various countries in North America, South America, Europe, Asia, and Australia.

Through their combined efforts, Leslie and Don have either bred or finished over 300 AKC champion Collies. The pair owned the number-one top-winning rough Collie in the United States in 2004, who, *owner-handled*, went Best of Breed at Westminster that year (over 13 rough specials) and also won the Collie Club of America National Specialty Show. That dog's name was Ch. Highcroft Lode-Ark's Legend ROM, four-time CCA Award of Merit winner. His photo was chosen by the parent club to be the visual representation of the Collie standard in the newly revised *AKC Complete Dog Book*. Leslie and Don have also received the Collie Club of America Presidential Award for Breeder of the Year four times.

Committee Chairs – CCA 2016

Robert A. Myers, Announcer

I have been a member of the CCA for over thirty years. I am a member of the Indiana Collie Club and am a 35 year member of the Danville Illinois Kennel Club. I have held the office as president for 12 years, have been the show chairman for 20 years and currently have been the treasurer for DIKC for 8 years.

My wife Lynn and I bred and showed both rough and smooth collies under the BoLyn kennel name. We finished many champions in both varieties over the years. My greatest pleasure was winning the smooth variety at the 1990 National in Louisville.

I have been host show chairman for 2 nationals, facilities chairman for 4 others. I was National show chairman for 2 years, and last year was the announcer at LaCrosse. I very much enjoyed the time at that show as I was able to see exactly what the judges were seeing in the ring. We do have the most beautiful breed of dog in the world.

It would be my honor to serve as the announcer in Louisville for there national.

Library of Champion Books – Karen Anderson, Chair

For approval of the Board. Bid from Jostens Printers for printing of American Collie Champions Vol 8 (2004-2007) - the Library of Champions. Please see the actual bid, which is attached.

Vol 8 will include the years 2004-2007. That is four years. There are approx 250 photos for each of those years that have been submitted for inclusion in the book. So just over 1000 photos will be in the book. Too bad we will be missing approximately 150 champions in each of those years because their owners did not submit a usable photo.

Calculation ROUNDING UP on each item

From the Jostens bid for 500 books - \$23 for printing, California sales tax of \$2, \$2 for shipping box, \$5 for mailing. But additional cost for bringing the books down to me on a pallet was about \$800 last time. I am guessing about the same so another \$2. Total costs = \$34 This is the Break Even Cost.

400 books - printing and tax \$11514 or \$29 each. The shipping box, mailing cost and delivery charge is \$9 combined, so 400 books would cost \$38

600 books - printing and tax \$13170 or \$22 each. The shipping box, mailing cost and delivery charge is \$9 combined, so 600 books would cost \$31

After the last volume I am concerned that I can sell 600 books. I think we should look at the 400 or 500 range. Pre-orders will determine the final count.

I will ship the finished books to the national for pick up. I will ship the remaining after the national.

I would like the Board to approve the pre-sales price of \$40 and \$45 for non-members. Once pre-sales are over the price would be \$50 and \$55 for non-members.

Re: CCA Publication Policy

CCA publications have an established policy on advertising references to certification of puppies or breeding stock. OFA, CERF and CHIC numbers may appear in advertisements. *DNA or genetic testing results are allowed in advertising, with verification of same submitted at time of placing ads. Dogs "cleared by parentage" need to submit verification of parents' "cleared status" when placing an ad. Other available health and/or genetic information, including specific eye ratings, should be referred to as follows: eye examination and/or additional health information is available on request. Breeders and purchasers should be aware that there are differences in grading systems and between individual examiners' findings, and inform themselves about the health subjects.*

A. Approve 50 B. Disapprove _____ C. Abstain _____ No voted submitted 1

5. The President presents for approval the motion made by Isabel Ososki and seconded by Randy Smith.

Re: Bi-monthly (every other month) CCA Committee Reports

I move that all standing and ad hoc committees that do not routinely produce a product (i.e newsletter, Bulletin) submit a minimum of a brief bi-monthly (every other month) progress report electronically to the CCA Board, and that report be submitted in time to appear in the communique under a section entitled "Committee Reports." Appropriate committees will be divided into two groups so that one-half of the total number of reporting committees will be submitted each month. Committees that wish or need to report more frequently are free to do so. A CCA member will be recruited to assist the secretary in collecting and formatting the reports.

A. Approve 38 B. Disapprove 11 C. Abstain 2
