

Letter to accompany report from Lori Montero for the Board Meeting at the National

Good evening, Mike and members of the Constitution Committee –

Attached you will find the final proposal from the Realignment Committee along with a map showing the proposed ten (10) newly defined districts.

Also attached is a cover letter explaining the purpose of the committee, rationale for realignment and benefits to the Club should this proposal pass next week.

Feel free to distribute whatever documentation you feel the current BOD would need in order to make an informed decision at the meeting. Should any questions arise in the next week, I'm sure Kris and Nadine will relay to the committee and we will be sure to address and offer answers and explanations as needed.

Respectfully submitted -

Lori Montero
