March 6-13, 2021

The Collie Club of America National Specialty Show returns to sunny Southern California, with its enviable March weather and great local attractions!

The expansive Los Angeles County Fairgrounds, the “Fairplex”, will provide the ideal one-location venue for our Conformation competition, Obedience, Rally and Agility trials. The Herding trials will be held in the adjacent Chino Hills area, just a few minutes away.

The Fairplex* campus is also home to our host hotel, the dog-friendly Sheraton Fairplex Hotel & Conference Center. Each guest room in this “all suite” hotel provides at least 500 square feet of space which includes a sitting area, desk, wet bar, microwave and refrigerator.

Within the Sheraton facility, “McKinley’s Grille”, a well-known local farm-to-table restaurant, provides a cozy place for food and drinks. Several large banquet rooms in the Conference Center will serve as locations for our educational and evening events.

The Fairplex also includes an RV Resort, as well as other restaurants/eateries. Countless additional restaurants and many dog-friendly hotels are available within a few miles of the venue.

Five major airports serve this venue. The closest is Ontario International Airport (ONT), about 10 miles to the east. ONT has non-stop flights from many major U.S. cities and several international locations. The airport is large enough for aircraft capable of transporting 500 size crates. There are several other airports within 50 miles of the location, including Los Angeles International Airport (LAX), John Wayne Orange County International Airport (SNA), Long Beach (LGB) and Burbank (BUR).
